SUMMARY:

Gallery Route One presents the 2023 Annual Juried Exhibition, "*Seen and Imagined*," featuring work by seventy-nine artists in a diverse range of media including painting, collage, etching, photography, mixed media, and sculpture.

Honoring a vibrant tradition which began thirty-seven years ago, GRO is pleased to announce its 2023 Annual Juried Exhibition of two and three-dimensional art, *Seen and Imagined*. The theme for this year's exhibit draws on the interplay and confluence between the inner and outer worlds, and how reality cannot be defined in concrete terms. Artists were asked to submit works reflecting the ways in which they recreate the world around and with themselves.

Juried by artist, educator, and Lucid Art Foundation Vision Board member, Jeremy P.H. Morgan, this exhibit presents an extensive array of media, ideas, and art processes. The

diverse range of media in the exhibit includes painting, etching, photography, mixed media, and sculpture from seventy-nine contributing artists.
